

# Assigning Fee Slabs to Students

Goto Students Information, Click on Student Slabs

Assigning Slabs to students helps you to fetch the specific fee amount that must be paid by student. As shown in the example [Fee structure](#) we have different fee amount for new admission student and re admission student. Therefore in Student slabs we assign slabs for students depending on whether the student is newly admitted or promoted student.

For making Fee Payment you need to assign slab for students.

1. Create Slabs in Masters - [KV Config](#).
2. Create Fee names in [Masters - Fee](#).
3. Create Fee Group in [Masters - Fee Group](#).
4. Define Fee Amount in Masters - [Fee Amount](#).
5. Assign slabs for students in Students Information - Student Slabs.
6. Make Fee Payment in [Admin Master - Fee Payment](#).

Once you click on Student slabs menu in Students Information, student slabs master will be opened as shown below.

Update

3. Select Slab to which the student belongs to.
4. Click on Update. You will get **Updated Successfully** message.

In the example [Fee structure](#) we have slabs for new admission student and readmission student and transportation slab. Assign New Admission slab for newly admitted students , Re Admission Slab for Promoted

students and transport slab from which area the students comes by your school bus. If student does not comes by school bus, do not assign any slab. You can see below Slab updated table.
